

Proposed Commissioner for Older People (Scotland) Bill

Introduction

A draft proposal for a Bill to establish an independent Commissioner to promote and safeguard the rights and interests of older people.

The consultation runs from 13 June to 23 October 2023 (previously 12 September 2023)

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Please explain the reasons for your response, including any views on how the Commissioner and existing officeholders can operate to ensure they do not replicate each other's work.

Makes eminent sense

Q7. Which of the following best expresses your view on whether the proposed Commissioner should be independent of Government?

Fully supportive

Please explain the reasons for your response, including any views on what the accountability and governance arrangements should be for the Commissioner

It wouldn't work or be effective otherwise

Skip to next question

Equalities

Q9. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your response and if there are any ways you think the proposal could avoid negative impacts on particular people.

If this is a serious proposal it would have to be signed up to and agreed by a number of authorities and organisations, otherwise it runs the risk of becoming (another) toothless tiger

Sustainability

Q10. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? (If you do not have a view then skip to next question)

Please explain the reasons for your response, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

I would sincerely hope so. Refer to previous answer

General
